

**EOHED FY21 Request for Proposals**  
**Questions and Answers**  
**As of 08-25-2020**

**Submitted via Email:**

- 1. Q: *Is there a match requirement, and if so what is the minimum match? In the FY20 grant there was a \$3,500 per student maximum. Does that still apply for FY21?***

A: For the FY21 EOHED RFP, there is no match requirement or cap for per student costs.

- 2. Q: *Who are the NAMC career center partners referenced in the RFP on Page 1? We have communicated with a Career Center for partnership with this grant but they are requesting funding for the partnership for the mentioned primary responsibilities. I am not sure if they are a NAMC partner.***

A: Career Center partners for this RFP include Metro North, Merrimack Valley, Greater Lowell, and North Shore. The career center partners are already part of the NAMC consortium so it's not necessary for training provider applicants to get MOUs with them.

**As of 08-18-2020**

- 3. Q: *Do you have a preferred format for the Covid-19 protocols attachment or can you provide guidance about that requirement?***

A: The attachment for the Covid-19 protocol should detail social distancing guidelines, disinfecting processes for the classroom/shop, and how PPE will be provided to students. The protocol should include how breaks will be handled, a description of entrance doors and exit doors for students, and if any additional ventilation will be provided.
