

WIOA YOUTH FY27 Request for Proposals
Questions and Answers
As of 3/6/2026

1. Q: Could you share the Eligible Training Provider List (ETPL)?

A: Yes, the ETPL for WIOA Youth differs from what we have for the adult population. The ETPL list for WIOA Youth is as follows:

- Middlesex Community College
- Quality & Productivity Solutions
- Regis College
- Unique System Skills
- Boston Career Institute (BCI)
- MACIR
- Millennium Training Institute Inc.
- Visible Edge

2. Q: Can you confirm that for the Letter of Intent, it's only Attachment A, and the Collaborating Organizations section would only be necessary if we were applying as part of a coalition?

A: Yes, that is correct. The Letter of Intent is only Attachment A, and you only need to complete the "Collaborating Organizations" section if applying as part of a coalition.

3. Q: What does work experience for Driver's Ed look like for ISY? Is there funding from Masshire for this or does this still come out of their Support Services?

A: The costs associated with driver's education for participants should be included in an organization/respondent's budget. The additional costs for the actual driver's permit, road test, and/or license can be covered through MNWB's supportive services funds. That cost should not be included in a respondent's budget.

4. Q: On the website I can VIEW the RFP. Is there going to be a writable PDF or in Word Form that I can type on?

A: MNWB will not distribute writable PDF or Word format RFP. Prospective bidders should follow submission instructions listed in the RFP document.
